MEDICATION FOR STUDENTS:

If your child will require medication at school next year, his/her healthcare provider must complete and sign a district form for each medication. The exact form you need is dependent on the type of medication.

1. SEIZURE meds such as diastat, use Seizure Medication Authorization
2. ALLERGY meds such as epipen or auvi-q, use Epinephrine Medication Authorization
3. ALL other MEDICATIONS will use the Authorization for Medication

These forms are located at LWHS and on the LWSD.org website under health services.

Students may not check in medication to school. For safety reasons, all medication must be brought to school by the parent/guardian. Emergency medications your child will be receiving at school must be in the school by the start of the first day of school.

The health room will be available for medication drop off: Aug 28 and Sept 1 from 9am-5pm.

SELF CARRY Epipen and Inhalers – These still require an authorization form with 'self-carry' checked. If student is only self-carry, which means they will keep NO medication in the health room, then just the paperwork needs to be at school by the first day. Parent is responsible for making sure their student carries Epipen/Inhaler and that it is NOT expired.

According to Washington State law, RCW 28A.210.320, the attendance of every child shall be conditioned upon the presentation before or on each child's first day of attendance at a particular school of a medication or treatment order addressing any life-threatening health condition that the child has that may require medical services to be performed at the school. Once such an order has been presented, the child shall be allowed to attend school. This includes having an individual health plan in place by the child's first day of school. Health plans were mailed home in July. Since student safety is our priority, building principals will be contacting families that do not have required items.

What if my child no longer has a life-threatening condition? If your student previously had emergency medications for seizures, allergies or any life-threatening condition we will need a doctor's note to remove from the exclusion list.

The promotion of health and safety for all students is a significant priority in our schools. If you have any questions or concerns, please call (425)936-1700 and request to speak with the school nurse.

TRANSPORTATION – METRO BUS PASSES: New students who qualify for bus transportation to school (ie. must live at least 1.5 mile from LWHS and live in the LWHS attendance area) will be issued a Metro Bus Pass.
